Pingman Tools Application Icons

All Pingman Tools Applications follow the same standard rules for colors/layouts and fonts. Each logo carries a horizontal and vertical version, proportionally aligned to the Square (1x1) Icon.

Each application logo is also accompanied by a simplified versions to be used in small sizes and a miniature favicon representation.

Favicon / Minimal

Borderless Logo

Typefaces

Eurostyle - Black, Bold and Regular

Main font associated with the Pingman Tools brand. To be used with all logo/branding material and icons.

Helvetica Neue - Bold, Medium, Regular and Light

This is a substitute, “catch all” font to be used on the web/print/promotion works if Eurostyle is not available.

Arial - All weights

Backup font to be used in all cases where Eurostyle and Helvetica Neue are unavailable.

All logo wordmarks must use **Eurostyle - Black** for the wording and use appropriate, assigned colors for each logo.

The logo for PingPlotter Professional. The word "Ping" is in a bright blue color, while "Plotter" and "Professional" are in a dark grey/black color. The text is in a bold, sans-serif font. A vertical line with horizontal caps is positioned to the right of the text, spanning the height of the "Plotter" and "Professional" words. To the right of this line, the text "Eurostyle - Black" is written in a smaller, grey font.
